[Apply Now!](#)

Are you passionate about technology and ready to put your combined inquisitive mindset, aptitude for problem solving, and technical skills to work for a dynamic company? Are you looking for a career and, most importantly, a company you can grow with? Join Epson Portland Inc. today and help build a better tomorrow. We are in the midst of an exciting year and are looking for a candidate that is ready to grow with us!

Epson Portland Inc., is looking for an experienced **Equipment Technician** to join our Cleanroom Department. We're looking for an independently minded technician who can analyze machine efficiency by inspecting and troubleshooting electro-mechanical and pneumatic automated production equipment.

In this role you will be responsible for performing maintenance, repair, of mechanical and electro-mechanical equipment used in manufacturing processes. You will assist production to prepare and adjust equipment according to model changes and for production optimization.

Shift: Monday – Friday, 7:00 a.m. – 4:00 p.m.

Responsibilities

1. Inspects, troubleshoots, and maintains robots and related pneumatic automated production equipment.
2. Utilizes PLC programs for troubleshooting
3. Utilizes test and diagnostic equipment to perform equipment audits/maintenance
4. Troubleshoots manufacturing equipment issues, completes assigned repair/maintenance projects, and performs preventive maintenance checks as required
5. Documents maintenance projects and maintains a log of issues/resolutions
6. Inspects and analyzes defective parts to determine necessary machine adjustments
7. Responds to urgent maintenance projects/requests in support of manufacturing
8. Record spare part usage and communicates low inventory items to appropriate personnel
9. Supports Engineering Technicians in addressing quality issues
10. Supports team projects and process improvement activities as directed.
11. Follows and enforces company-wide safety programs including lock out/tag out procedures, and ensures safety guards are in place and in proper working order.

Education, Training, and Skills

1. AA degree in electronics or related field preferred.

2. 2-4years combined mechanical and/or electrical maintenance experience or equivalent.
3. Demonstrated ability to make adjustments to/and work on various automated production equipment with limited supervision.
4. Demonstrated ability to utilize PLC programs for troubleshooting.
5. Demonstrated ability to identify and communicate issues and offer proposed solutions.

At Epson Portland Inc., your input matters. We pride ourselves on inclusion, diversity, and individuality as our innovations come from our differing perspectives. We're steadfast in our commitment to quality, environmental conservation, and developing options and solutions for the Seiko Epson Group. Whether you've been here two weeks or twenty years, you can have an impact on the business and enjoy growth and fulfillment in your career at Epson Portland Inc. Many of our team members have been with us more than twelve years and have deep organizational knowledge to share. Founded in 1986, Epson Portland Inc. is located in Hillsboro, Oregon.

We offer an outstanding benefits package, including:

- Comprehensive, low-cost medical, dental, vision, alternative care, and prescription drug coverage
- Generous paid time off, including sick time, vacation, and holidays
- Income protection plans, including life insurance and disability programs
- Financial security plans including a 401(k) retirement plan with company matching
- Additional benefits such as educational reimbursement, an employee assistance program (EAP), employee discounts and much more

To be considered for this position, please send a cover letter with salary requirements and a resume in Word or PDF format. Reference requisition #8744.

Pre-employment drug screening is required.
Epson Portland Inc. is an Equal Opportunity Employer.
